Errata

Here are all the instances:

1. On page 329, in the *Managed versus unmanaged solutions* section, the first line is incorrect. The correct line is as follows:

   *As a general rule, **unmanaged** solutions should be restricted to development environments as using them in target environments could result in orphaned components being left behind when deleted from the source.*

2. On page 334, *Figure 1.10* is incorrect. The correct image is the following one:

**Figure 1.10 - Canvas Apps Architectural Overview**

3. On page 334, *Figure 14.1* is incorrect. The correct image is as follows:

Figure 14.1 - Example Azure DevOps task management backlog view

4. On page 335, *Figure 14.2* is incorrect. The correct image is as follows:

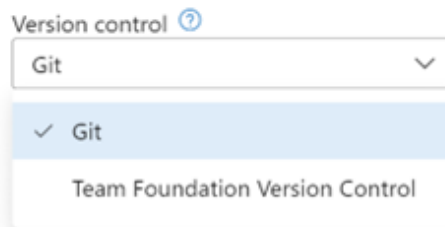

Figure 14.2 - Azure DevOps source control repository options

5. On page 335, *Figure 14.3* is incorrect. The correct image is as follows:
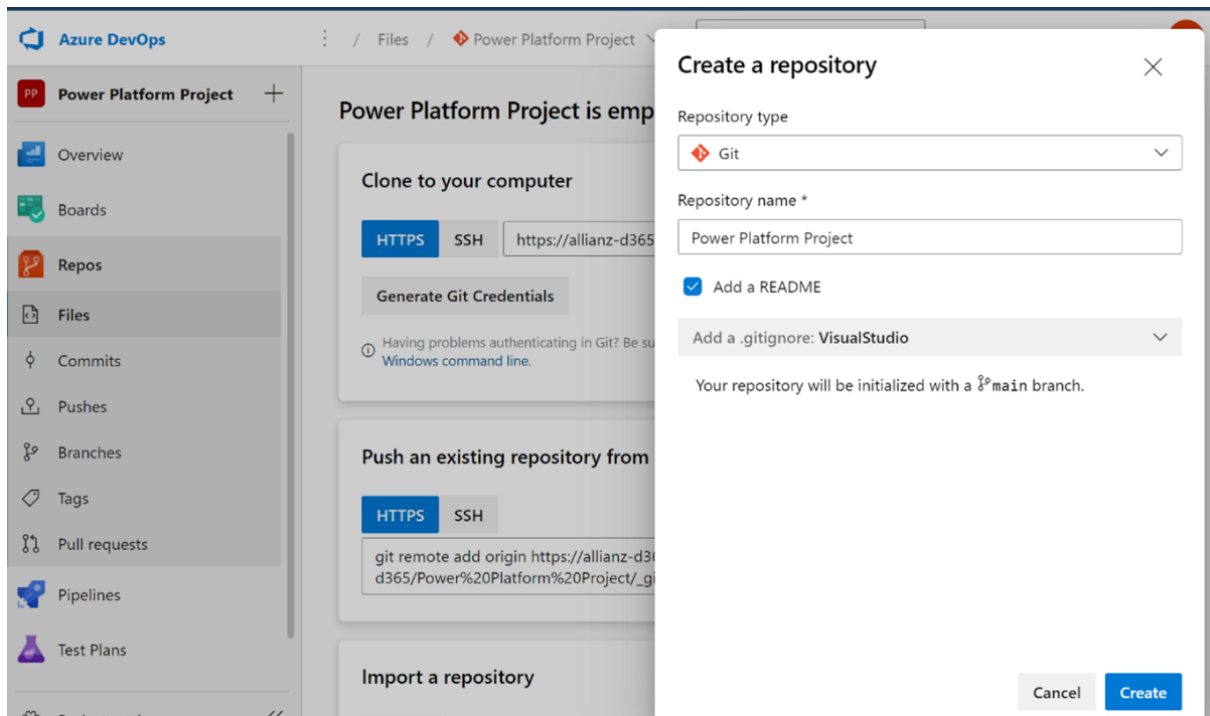

Figure 14.3 - Creating additional repositories within Azure DevOps

6. On page 337, *Figure 14.4* is incorrect. The correct image is as follows:

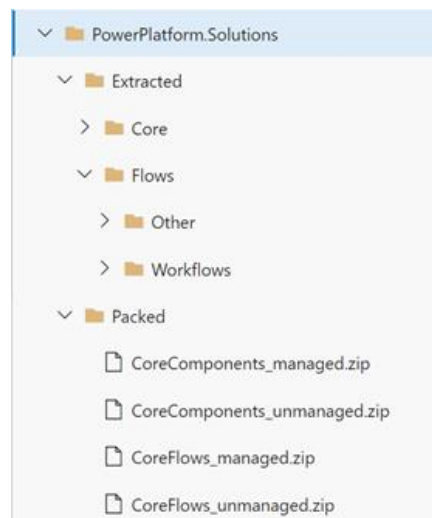

Figure 14.4 - Storing Power Platform solutions in source control

7. On page 338, *Figure 14.5* is incorrect. The correct image is as follows:
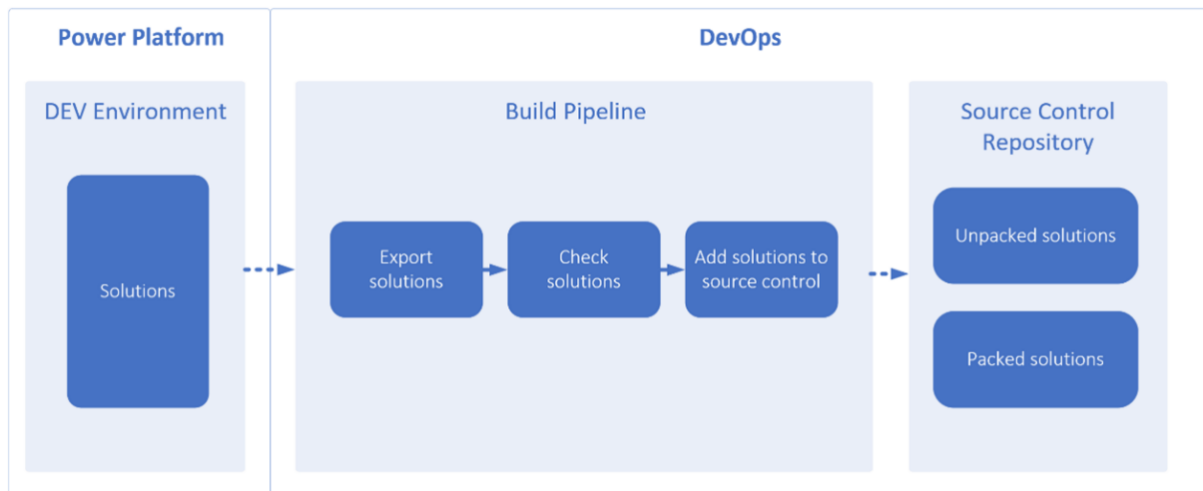

Figure 14.5 - Azure DevOps pipeline for automated Power Platform solution source control

8. On page 339, *Figure 14.6* is incorrect. The correct image is as follows:

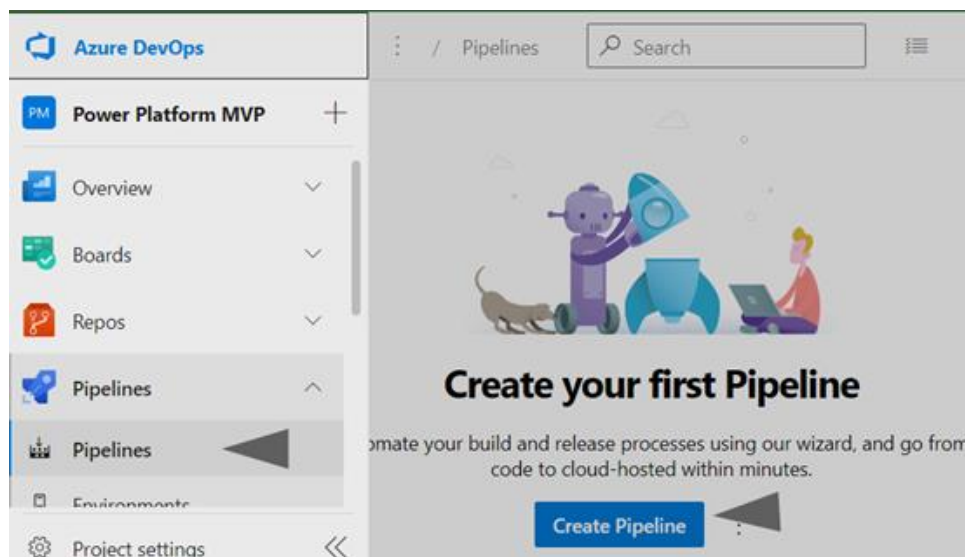

Figure 14.6 - Creating an Azure DevOps pipeline

9. On page 353, below *Figure 14.30*, the first point for resolving the pipeline capacity issue is incorrect. It should read like this:

Request a free parallelism grant: Completing the following form will typically increase capacity by 1: https://aka.ms/azpipelines-parallelism-request.
